

Radutu & Peçi

2 artists, 2 art forms. A powerful dancer beside a sensitive pianist, ballet and music.

2 programs, 1 evening: piano and video show – Insomnia for eyes and ears.

Dancing virtuosity and pianistic fulfillment - music played with body and fingers. Travel through time and space. Above all: music for senses. Spectacular, impressive, unique.

2 artists finding each other

Maria as a guest soloist at the Vienna State Opera. Eno in the leading role.

2 souls finding each other. As artists, as people. Afterwards, inspiring conversations. The certainty: there is something special to create. Together.

And it works: 2 virtuosos in unison.
